CIRBI Next-Generation Onboarding Guide

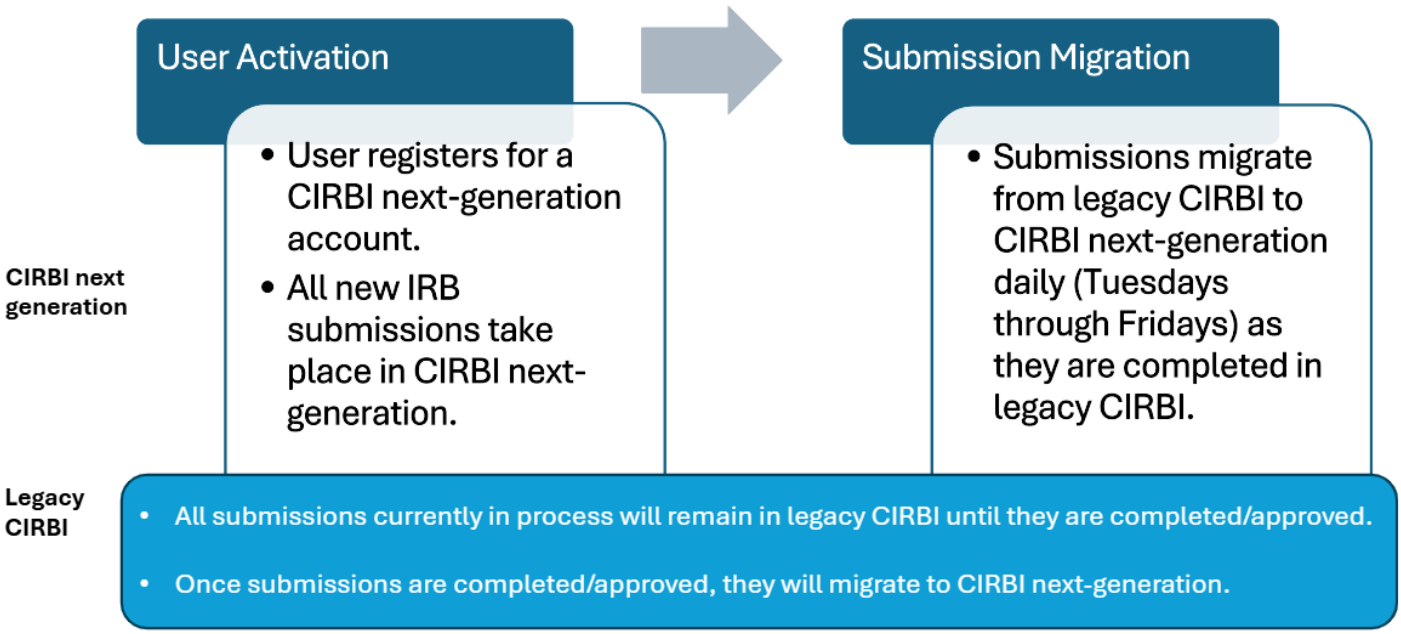

October 2026

We're excited to guide you through the transition from the legacy CIRBI platform to the new and refreshed CIRBI next-generation platform. CIRBI next-generation brings significant enhancements to performance, usability, and scalability, while preserving the data and workflows you rely on today.

How to Use This Guide

Below, you will find an overview that details what is migrated from legacy CIRBI to CIRBI next-generation, when it is being migrated, and any action you should take during the process.

Overview

User Activation

Register for your CIRBI next-generation account

Please reference the CIRBI Next-Generation Account Registration guide on the Onboarding Resources page of the CIRBI Next-Generation Documentation website for step-by-step instructions on how to register for your new account.

After setting up a security question, agreeing to Terms and Conditions, and creating a password, you will be successfully set up to log in and begin working in the new platform.

Please contact support-CIRBI@advarra.com if you experience issues activating your account or logging in.

Submission Migration

Effective July 13, 2026, all completed studies (including completed documents and submissions) have migrated to CIRBI next-generation and all new submissions now take place in CIRBI next-generation.

- If you had any active items in the legacy CIRBI platform at the time of submission migration, those items need to be completed in the legacy CIRBI platform and will migrate to CIRBI next-generation during the daily migration window.
- Submissions will continue to migrate from legacy CIRBI to CIRBI next-generation daily (Tuesdays through Fridays) as they are completed in the legacy CIRBI platform.
- Migrated studies will populate in the My Studies tab of your dashboard.

Questions?

If you have any questions about your transition to CIRBI next-generation, please refer to the FAQs located in the Onboarding Resources section of the CIRBI Next-Generation Documentation website or reach out to support-CIRBI@advarra.com.
