

CIRBI Release Highlights

Version 2026.7

Released June 10, 2026

In this release, we've introduced the following features:

Submission Forms and Activities

- The Contact IRB activity is now available for modification submissions in the "Pending Translation from Vendor" status. (CRB-27911)

Submission Workspace

- When your assigned Client Services Coordinator or Processor is out of office, the date range of their scheduled outage and the name of their assigned backup person are now displayed in the submission workspace > Submission Overview section. (CRB-27915)

User Access and Account Controls

- You can now view the password you've entered on the login page by clicking the show (eye) icon by the Your Password field. Click it again to hide your password. (CRB-27996)
- When CIRBI Product Support updates your password on your behalf, you're now required to change the temporary password they gave you when you use it to log in. (CRB-27793)

In addition, we've also resolved the following:

Submission Forms and Activities

- You can now add a study team member by entering their email address in the Add Study Members section of the following submission forms: (CRB-28008)
 - Expanded Access - Treatment Location(s) and Contact Information
 - Investigational/Research Locations and Subject Recruitment
 - Investigational/Research Location(s) (HUD)
 - Investigator and Administrative Personnel - Humanitarian Use Device (HUD)

Submission History Log

- The Submit Clarifications activity record in the Submission History log now only lists forms you edited during a round of clarification responses. (CRB-28003)

Submission Workspace

- You can now view more than fifty records in the All Sites section on the submission workspace. (CRB-27998)
